

SEASONS OF THE OUTDOORS

Take advantage of views 365 days a year with this multi-level design on your sloping building site. The streetscape appearance is inviting and cordial; then enter the inviting foyer and your eyes will be riveted on the view. With partial excavation, you'll have 4 additional bedrooms. Enjoy every season by taking advantage of covered porches, even a screened-in porch. Lower level options are not included in standard package.
